In this class students will work on:

- *Slates & Interviews**

- *Intentions and Action Choices**
- *Cold Reads**
- *Improv auditions**
- *Single Person Copy**
- *Working with partners**

Directors and Casting Directors love young actors who are imaginative, make bold choices and are easy to work with. Karen Maseng introduces talent to a technique she developed over twenty years of auditioning talent both for commercials and films.

Unleash your imagination and turn acting into the challenging, fun and fulfilling experience it should be.

This class is a learning experience. It is not a casting session, nor an employment opportunity!
